

**PETITION TO TOWN OF PLYMOUTH BOARD OF SELECTMEN  
 ENTERGY'S NUCLEAR WASTE STORAGE AT PILGRIM**

Entergy's long term storage of high level radioactive waste in our community poses a risk to our families, homes, businesses and economy. Therefore, I urge you to use your authority to insure that:

- Entergy's dry cask storage project is sited, designed, built and operated in the safest manner possible, and
- Entergy pays all the costs that the Town may incur in connection with the nuclear waste storage.

Please act immediately to protect the public safety and the Town's fiscal well-being before the opportunity is lost or becomes irreversible.
